PERMIT PUNISHMENT.

Governor Lanham Is Requested Not to Interfere With Lynching

OF ANY NEGRO RAPIST

Texas Executive Replies That It Is Impossible For Him to Comply With This Request, Oath and Laws Forbidding.

Chicago, Oct. 7.—A dispatch to the Tribune from Houston, Tex., says: A petition from a number of citizens, headed by G. W. Knight of San Marcos, has been presented to Governor Lanham asking that the state permit mob punishment of negroes who assault women. The governor is asked to indorse the policy of absolute unprotection to negroes guilty of assault, insuring that they be given no trial by legal inquiry of any kind, and that they may be hanged as soon as apprehended.

Governor Lanham's response principally is directed to the legal phase of the proposition. It is set forth that it is impossible for him to countenance such a policy in view of his oath of office and state legislation, which he is bound to protect.

CARSON NOT DEAD.

H. E. Campbell Did Not Stop at the Imperial Hotel, Dallas.

Newport, R. I., Oct. 7.—Signed by H. E. Campbell of the Imperial hotel at Dallas, Texas, a letter on Sept. 12 told William J. Brownly, a Newport business man that his son-in-law, Edward B. Carson, had died in New Orleans of yellow fever and his body had been cremated. Mr. Brownly says Carson is not dead and that the writer of the letter had a purpose in thus writing him.

Chief of Police Kleth of Dallas says that no such man as H. E. Campbell has been at the Imperial hotel. It has been learned that there is no record of Carson's death in New Orleans.

Carson was only sixteen when he was a bugler in a battery before Santiago. Later he went to the Philippines, where he won a medal of honor by swimming a river and bringing relief to his companions who were hemmed in by the enemy.

CATTLEMEN ORGANIZE.

Will Probably Purchase a Large Tract in Old Mexico.

Pecos, Tex., Oct. 7.—George W. Evans and John Means, large ranch owners in the Fort Davis mountains, near Valentine, were in Pecos organizing a syndicate composed of several cattlemen from Midland, Roswell, Pecos and Valentine for the purpose of purchasing a large body of land in Mexico. The tract comprises 1,300,000 acres. The deal will amount to about \$185,000. They have an option on the land and will send two men to examine it at once.

BITTEN BY RATTLER.

Little Girl Attacked by the Serpent and Dies From the Poison.

Memphis, Tex., Oct. 7.—Camie Roseau, a ten-year-old girl, who lived with her widowed mother thirteen miles west from Memphis, was bitten by a large rattlesnake and died some hours afterward.

The little girl was helping to care for some young chickens in the back yard when she was attacked by the snake and bitten twice before she could possibly get away from the reptile. The snake was a very large one and had ten rattles.

FIELDER PRESIDENT.

Rev. Dr. McAdam Will Return to the Methodist Ministry.

Fort Worth, Oct. 7.—Rev. Dr. McAdam has resigned the presidency of Fort Worth university. He is succeeded by Rev. William Fielder, D. D., of Minneapolis. The new president comes with the highest endorsements of bishops and educators in the Methodist Episcopal church. Dr. McAdam will return to the ministry and will be connected with the Rock River conference of Illinois.

FEARFUL FATE.

Mother and Daughter Burned to Death While Preparing Breakfast.

Vernon, Tex., Oct. 7.—While preparing breakfast Saturday morning Mrs. J. Norman and daughter were burned to death. In kindling the fire in the stove coal oil was used. An explosion resulted and their clothing was ignited.

TWENTY-SEVEN KILLED.

Thirty-Five Were Also Wounded by the Wreck of a Train.

Rostoff-on-the-Don, Russia, Oct. 7.—A mail train bound for Vladikavkaz was wrecked. Twenty-seven persons were killed and five injured.

ENORMOUS SALARIES.

President McCurdy Receives Large Sum For Services.

OTHERS FARE NICELY

Higher Commissions Allowed in New York and Texas Owing, It Is Said, to the Cost of Securing Business.

New York, Oct. 7.—In closing a week, every day of which has produced a sensation that has stirred the country, the special legislative investigating committee investigating the methods of insurance companies adjourned Friday until Tuesday.

While other weeks of the hearing have had sensations, no previous week has had a sensation every day.

The sensational development came Friday when Mr. Hughes demanded the payroll of the executive officers of the Mutual. This was produced and showed the salaries of these officers since 1877. For the year 1904 President McCurdy received \$150,000; two vice presidents were paid \$50,000 each, a second vice president \$17,500, the third vice president \$10,000 and the general manager \$25,000, who this year will receive \$30,000, and the treasurer \$50,000.

Robert McCurdy said he never knew the salary of his father until he heard it read in the committee room. He thought, however, that there should be no limit to the salary of such positions, because they should be in accordance with the accumulations of the company.

LITTLE CHANGE.

New Orleans Reports Twenty-five New Cases and Four Deaths.

New Orleans, Oct. 7.—There was but little change in the yellow fever situations and four deaths is report up to cases and four death is the report up to 6 o'clock in the afternoon.

A second charge against Dr. Szabary for failure to report a fever case was made. Mrs. Duffy's home, on St. Roth avenue, is said to have had a case of five days' standing under Dr. Szabary's treatment, which had not been made known to the authorities.

Among Friday's arrivals was a family of seven from Rosetta, Miss. Fever broke out some time ago at Rosetta and the family decided that in the emergency New Orleans was about the safest place in the south to head for. They were not interrupted in coming here, the local authorities having placed no quarantine against other infected points. The family registered at a hotel and their presence there was reported to Dr. White. None of the members were ill, but it was considered wise, in view of the fact that they had come from an infected point, that they should go to some place of detention. They went to the emergency hospital voluntarily, and for the present time there is no sickness among them, though the mother of the children died of yellow fever three days ago at Rosetta.

The reports from the country showed less than 40 new cases and of these, Patterson comes in for the largest number, reporting seventeen.

Following are the country reports: Patterson, seventeen new cases.

Grand Isle, three new cases.

Cheniere Caminda, three new cases.

Covington, one new case.

Kenner, one new case.

Baton Rouge, two new cases.

Marineau, one new case.

Bayou Natchez, one new case.

Near Thibodeaux, one death.

Barrataria, three new cases.

Lake Providence, three new cases.

one death.

Mississippi reports as follows: Vicksburg, four new cases, one death.

Natchez, eight new cases.

Port Gibson, five new cases.

Gulfport, three new cases.

Mississippi City, two new cases.

Handsboro, two new cases.

Rosetta, two new cases.

Hamburg, four new cases, two deaths.

SIXTEEN CASES, TWO DEATHS.

Pensacola, Fla., Oct. 7.—Sixteen new cases and two deaths is Friday's yellow fever report.

SWEPT BY FIRE.

Five Firemen Overcome While Rescuing Two Hundred Horses.

New York, Oct. 7.—A block occupied by the stables and lumber yards of J. Reedver & Son, were swept by fire early this morning.

Five firemen were overcome while aiding in the rescue of 200 horses, all of which were taken out. About 200 families were forced to vacate. Loss is estimated at \$80,000.

GOOD RACES ASSURED

For the Central Texas Fair—An Attractive Program Arranged.

The Eagle on yesterday received the following special dispatch from Denison:

Denison, Texas, Oct. 7.—A representative of Central Texas Fair who was here today in conference with racing men arranged an attractive program for the races there Oct. 17, 18, 19 and 20, which insures a large number of horses and some good racing at Bryan, Texas, on the dates named.

F. G. HOBART.
This is gratifying news to the people of Bryan and Central Texas, and coupled with the assurance that ten of the best horses in training at Houston will be here for the fair, makes the racing program the most attractive in the history of the fair.

Men's Furnishers

There was a happy combination of circumstances to inspire the members of the Mutual Improvement Club to meet last Wednesday afternoon in their pretty club rooms in Carnegie Library. First, it was President's Day, and the popular incoming president, Mrs. M. W. Sims, had arranged a most univus program for the afternoon. Then, she had said, "a pleasure to be thoroughly enjoyed much be shared," so she had bidden a coterie of Bryan's brilliant women to be her guests from three until five o'clock. The suits of rooms was tastefully decorated with the club colors, green and white. Ferns and potted plants were just enough in evidence to give the necessary touch of green, while the long stemmed white rose, the club flower, easily held the place of honor.

At the hour named not a vacant chair was to be seen, and the historic gavel in the hands of the gracious president was heard the first time for the session of 1905-'06. The twenty members answered to roll call with original jingles on Japan and Russia; quite a little merriment was provoked thereby, and talent discovered had lain latent for years, and perchance, but for this occasion, it might have been forever.

The first number on the program was a beautiful vocal solo by Mrs. J. Webb Howell, piano accompanist. Mrs. R. S. Webb. Then followed the president's annual address, which was replete with carefully carved thoughts for the year's work. She had her subject thoroughly in hand and chose well her expressions, realizing that "Spoken words like the spent arrow come not again."

This being the club's decennial, it seemed fitting that Mrs. L. L. McInnis, a valued charter member should tell us the old, old story of what we had done from the days of "creeping dresses" to the present time, when from many view prints we are just learning to walk alone. She left a pretty thought in our minds that a new star had arisen in the horizon and through loyalty to the club we should see that its luster should never grow dim.

A prominent and most pleasing feature of the afternoon—a feature enjoyable alike to members and guests—was the almost faultless rendition of two selections by Miss Martha Greenwood Hardy, a popular dramatic reader of Beaumont. Miss Hardy's recitation is marked by easy, natural interpretation, and was thoroughly enjoyed by each lady present.

A perfect finale to this delightful afternoon was the serving of angel-food cake and cream, the latter being molded in the form of white roses resting on a green leaf. Reporter.

On Friday afternoon the members of the Back Street Club met at the home of Mrs. H. H. Harrington.

At the meeting the members of the club were present. The program was most interesting. The members of the club were present. The program was most interesting. The members of the club were present. The program was most interesting.

received the prize, a dainty piece of neckwear, which she presented to Miss Hattie Lou Hudson. In a neat speech Miss Cora Garth presented the prizes, the consolation, a bunch of matches, falling to Miss Irma Harris, presented with the accompanying verse:

If in the matchmaking of others
You find yourself failing,
And for them find no lovers
On matrimonial seas sailing;
Conquests for yourself you may be making—
With songs sung by snatches
And this tiny bunch of matches.

Refreshments of lemon ice and wafers were served. The club meets next Saturday with Misses Vivian and Ruby James.

In response to the call of the president, Mrs. W. H. Oliver, the Embroidery Club held its initial meeting of the season at her home on Tuesday afternoon at 3 o'clock. With the charming environments of the Oliver home and the congeniality existing among the members, the entertainment was in every respect delightful. Mrs. A. B. Carr Jr. was elected a member to fill the place made vacant by Mrs. P. S. Tilson's removal to Houston. Delicious cream and cake were served for refreshment. The club will meet next Tuesday with Mrs. Malcolm Carnes.

The King's Daughters gave a "Stocking Shower" at the home of Misses Emily and Winnie Thomas on Friday evening for the laudable purpose of presenting the inmates of Buckner Orphans' Home with a portion of their winter footwear. The public responded generously. Seventy-eight pairs of stockings were donated, together with a collection of 85 cents. The genial autumn night and a full moon made entertainment on the lawn delightful. Refreshments of sherbet and cake were served.

The Daughters of the Confederacy met with Mrs. F. I. Garth Friday afternoon to make plans for the year's work and will give an entertainment soon for the benefit of the chapter. Mrs. S. E. Thomas and Mrs. H. D. Wilson were elected to membership at the meeting. Following the business session a social hour was most pleasantly spent.

The Epworth League will hold a social meeting with Mr. and Mrs. H. W. South Friday night.

W. P. Traut has returned from Grimes county and reports that Dr. P. B. Plotts has an expert oil driller now on the ground to bring in his oil well, known as the Schumacher well, near Keith, Grimes county. The well is down to a depth of 1028 feet and the work will doubtless be completed in a short time.

Mrs. Tyler Haswell, who has been ill in Galveston for some time, has sufficiently recovered to go to Hall-ettsville for a visit to her sister. She arrived there Friday and is getting along nicely.

Caldwell's cotton receipts for the season to October 6 aggregate 5313 square bales and 3831 roundbales.

Body of an infant was found at Greenville, Tex.

Cotton Belt ticket office at Greenville, Tex., was robbed of \$255.

W. J. Leonard was accidentally shot at Shreveport and seriously wounded.

William Briscoe was struck by a train at Gainesville, Tex., and severely hurt.

A family named Swauzy, from Bl- loxi, Miss., was stopped at Texarkana and sent back.

Superintendent Cravens will make no changes in staff of Texas deaf and dumb institute.

In a negro fight at Paris, Tex., where knives and razors were weapons two participants were badly cut.

Mrs. W. J. McDonald of San Antonio was grabbed at her home by a negro. She screamed and miscreant fled.

Dr. W. A. McFarlane of Chicago will purchase a large tract of land near Stephenville, Tex., to raise fruit on.

While crossing Bodcaw bayou, in Bossier parish, Louisiana, Constable Ward was drowned. Eight children are left.

Near Lavernia, Tex., while playing with a rifle the twelve-year-old son of Frank Huft shot his little sister through the heart.

At Lampasas, Tex., Judge Freeman decided the local option election in Lampasas county, which went anti by fourteen majority, was constitutional and dismissed demurrer of pros.

THE VITAL CENTER.

No Man Stronger than his Stomach—
Let Mi-o-na Strengthen your Digestive System.

The stomach is your vital center. No man is stronger than his stomach.

The average man measures his physical vitality by his heart, his kidneys, or his lungs. Yet it is the stomach that should first be considered when you cast up the account of health.

Every organ of the body is sustained and nourished by food which is converted into nutrition in the stomach and conveyed to every part of the system in the form of blood. For this reason, when the stomach is strengthened with Mi-o-na and is able to convert the food into nourishment, all other organs soon become well. This explains many cures of heart, liver, or kidney diseases in the cases where Mi-o-na is used.

It is the most wonderful health restorer known, and is sold by E. J. Jenkins under an absolute guarantee that it costs nothing unless it restores health. Just one little tablet out of a 50 cent box of Mi-o-na for a few days, and you will soon see a great improvement in your health.

Mr. F. W. Yeager of Millican, while in the city yesterday, called on the Eagle and showed us a sample of pepper sauce he has succeeded in perfecting after three years' experimenting, during which time he has greatly improved the pepper grown on his truck farm. The manufactured article he now has ready for market is perfect in every detail—a clear, rich, red liquid without sediment, and "as hot as blazes." Mr. Yeager will exhibit the new sauce at the San Antonio fair and the Central Texas fair, and is making arrangements to bottle it and place it on the market.

WANT HIM PERMANENT.

Movement to Have Dr. White Stay at the Crescent City.

New Orleans, Oct. 7.—Because of the record he has made here in control of Federal forces which are stamping out yellow fever the movement is about to take the form of having Dr. J. H. White permanently stationed at New Orleans as sanitary adviser to the authorities, and interest governors of nearby states to ask similar assignment of marine hospital officer. Such assignments, it is thought, would strengthen the campaign to guard against the recrudescence of yellow fever in the south, assist in the education of the people to the value of the mosquito theory and help toward the amelioration of the severity of quarantines in event that a drastic national quarantine law is not passed at the approaching session of congress.

The ideas are embodied in a letter written by Colonel T. W. Castleman to Governor Blanchard. The governor replied favoring the suggestion of having the surgeon general asked to keep Dr. White here after the fever is over. The governor says he believes the Federal government should take charge of maritime quarantine and is inclined to think it should also take charge of interstate quarantines.

The weather here remains cool and pleasant and the fever situation is regarded steadily improving, not only at New Orleans, but every point in Louisiana. Five day statistics of new cases in the past five days of any period since the first week of August, are declared by Dr. White to be incontrovertible proof that the disease is being surely and rapidly overcome.

Outside of New Orleans there were only two deaths in the entire state Friday. The only new point of infection was at Maringouin, where two doctors have declared a negroess has yellow fever. Two other doctors say she has not and the state board has been asked to send an expert to settle the question.

Seventeen cases were reported at Patterson Friday, but it is explained that number covers several days. Up to noon Saturday yellow fever report was seventeen new cases and two deaths.

LAST CHAPTER.

Gaynor and Greene Case Closed in Dominion of Canada.

Montreal, Oct. 7.—The last chapter, so far as Canada is concerned, in the celebrated Gaynor and Greene case was closed Saturday when the two men left Bonaventure. A crowd was present to see them off, but the most notable thing about the departure was the large number of United States secret service men at the depot. They were in charge of W. T. Flynn, head of the secret service bureau of New York. On behalf of the dominion government Silas H. Carpenter, chief of the Montreal detective force, who kidnaped the two men from Quebec, and Inspector McMahon went with the party as far as Rouse's Point, N. Y., the boundary line. When asked if they had anything to say before leaving Gaynor replied they were glad to go back at last and that they would have nothing but the kindest remembrances of their treatment in Canada. Colonel Gaynor's daughter-in-law was on board the train when the prisoners arrived, and his son arrived at the station just before the train left.

FARLEY FAVORED.

Request Made to Appoint Him as an Apostolic Delegate.

Rome, Oct. 7.—The pope has been urged to appoint the apostolic delegate to Cuba and Porto Rico to succeed the late Archbishop Chapelle of New Orleans. Pressure has been brought to bear to have Archbishop Farley of New York chosen apostolic delegate to Cuba and Porto Rico, pointing out that the archdiocese of New York disposes of funds sufficient for the position and because steamers for Cuba start from New York. For similar considerations the Bahama Islands being to the archdiocese of New York. The appointment is considered the most important one, being, it is believed, a step toward the delegate's nomination as cardinal.

FOR RIDING ASTRIDE.

Policeman Arrests Girl of the Liberty Bells Company.

Houston, Oct. 7.—One of the girls of the Liberty Bells company was arrested by a policeman on the street for riding astride. The report got circulated pretty extensively and caused much critical comment. She was taken down to the police station, where she was soon released without any charge being made. The policeman learned of his mistake as soon as the facts were told. It was at first thought that the arrest had been made under the "Goo Goo" eyes ordinance.

PETERS TO FARMERS.

In a Letter He Advises Them to Sell Their Cotton.

Dallas, Oct. 7.—Colonel E. S. Peters of Calvert has issued a letter to farmers advising them to sell their cotton. This letter is expected to arouse criticism in the Southern Cotton association, as the officers of that association, supported by the Farmers' union, have advised farmers to hold their cotton for 11 cents. Colonel Peters says he believes that cotton will not go any higher and he predicts a big crop.

President Jordan insists that farmers do not sell.

Timber Fell, Causing Fatality.

Galveston, Oct. 7.—D. D. Bledsoe of the bridge and building department of the Southern Pacific, whose home is at Shepard, Tex., was fatally injured by the falling of a heavy timber while working on the Southern Pacific docks and died at the John Sealy Hospital.

Brings Many Passengers.

Galveston, Oct. 7.—The North German Lloyd steamship Frankfurt arrived from Bremen, coming via Havana, bringing over 400 passengers and a large cargo of merchandise. There are 365 immigrants.

NARROWLY ESCAPE.

Miners Come Near Losing Their Lives In Colorado.

Pueblo, Colo., Oct. 7.—A defective electrical generator started a destructive fire at the Fremont coal mine near Florence, Colo. All the buildings, including the shaft house, was destroyed.

By the prompt work of their companions the fifty miners who were in the workings of the mine were rescued alive through the air shaft, which was being slowly burned.

The men were in the main working shaft when the first started, and were unable to get to the surface by reason of the flames having destroyed the main shaft.

Superintendent McAllister, realizing their danger, signaled them to hasten to the air shaft and that ropes would be let down to save them. They acted at once, and while all of the available men in the camp were fighting the flames, which were extinguished about 5 o'clock in the evening, Superintendent McAllister and twenty men were rescuing the men from the shaft, one at a time, the work being so slow that only two were raised in an hour.

It took the combined strength of twenty men to hoist one of the miners below, and had they pulled quickly on the ropes some of the timbers in the shaft would probably have been loosened, falling on the remainder of the men below and shutting off the only avenue of escape.

All of the mine buildings were totally destroyed. The property loss is about \$79,000.

GIRL DIED.

She and a Physician Locked in Room For Several Hours.

Chicago, Oct. 7.—Dr. Oliver B. Hart, a young physician residing in the suburb of Rogers Park, is in the custody of the police pending further investigation of the death of Irene Klokow, ten years old, which occurred at his residence.

The girl died in a bedroom of the Hart residence, in which she and the physician had been locked for several hours.

It is the opinion of the authorities, based on the facts disclosed at the inquest, that the little girl was maltreated and then poisoned in an attempt to conceal the crime.

Hart failed in an effort to suicide by morphine.

PLAN APPROVED.

Packers Are Required to Pay For Inspection of Meats.

Washington, Oct. 7.—At the meeting of the cabinet Friday the plan of Secretary of Agriculture Wilson to require packers to pay for the inspection of meats was approved and it will be put into operation at once. It is expected that a saving of \$50,000 a year will thereby be effected by the government.

MADDENED BY REFUSAL.

Fred Freerer Seriously Shoots Young Woman and Suicides.

St. Joseph, Mo., Oct. 7.—Driven mad over the refusal of a Kentucky young woman to marry him, Fred Freerer, chief in a local restaurant, probably fatally wounded Mrs. Violet J. Lonsdale and then killed himself in the presence of his victim. Pretending to be on an important mission, Freerer had been directed to the room occupied by Mrs. Lonsdale. Without a word of warning he began shooting the woman as she lay in bed. One bullet hit her chest, while another lodged in the back. Freerer then stepped beside his victim, placed the revolver to his own breast, discharged it and sank to the floor. Mrs. Lonsdale had known Freerer for a month. "He asked me to marry him," said she, "which I refused to do, as I did not love him."

COUPLE FIGHT DUEL.

Woman Was Killed In Quarrel Over Money Matters.

New York, Oct. 7.—B. H. Hopkins and his wife fought a duel with revolvers. The couple had separated. Hopkins called at his wife's room in a flat. He knocked at the door and she came out pistol in hand. He also had one and both opened fire. Mrs. Hopkins was killed and the husband wounded. Hopkins' sister witnessed the duel.

VISIT OF SQUADRON.

Togo Will Also Make a Triumphant Entry Into Tokio.

Tokio, Oct. 7.—The coming visit to Japanese waters of the British squadron commanded by Vice Admiral Sir Gerard Noel, commander-in-chief of the China station, will, it is expected, be made the occasion soon after the ratification of peace of a grand naval review in which with admiral Togo's triumphal entry into the city will be the special occasion for diverting the people's attention from the unsatisfactory terms of the treaty. It is believed the authorities will do everything possible to utilize these events as demonstrations of the fact that the peace of Asia is guarded by two powerful allies. American warships are expected to be present at the naval review.

Many of those who allowed themselves to be carried away by the tide of dissatisfaction which set in when the peace terms became known here are gradually becoming reconciled to the situation.

HART ARRAIGNED.

Gazed Stupidly at Courtroom Walls and Said Nothing.

Chicago, Oct. 7.—Dr. Oliver B. Hart, a millionaire's son, would-be suicide and husband of sixteen-year-old wife, was formally charged with the murder of ten-year-old Irene Klokow, a waif from the industrial school, whose father is a patient in an insane asylum and whose mother cannot be found. The doctor who is said to be addicted to the use of morphine and cocaine, gazed stupidly at the walls of the court room when arraigned and did not speak a word.

Continuance was granted for ten days.

SUBTREASURY LOCKED.

Reward of a Newspaper Caused Wall Street to Be Congested.

New York, Oct. 7.—The presence of thousands of persons more than usual on Wall street Friday, caused the sub-treasury gates to be locked for an hour and so interfered with business between banks and exchanges that the police from three stations were hurried to the financial district to disperse the crowds. The gathering was attracted to the financial district by an offer of \$300 reward by a newspaper to any one who could recognize a man whose picture was published in this paper under the name of "Mr. Raffles," and who was advertised to be in Wall street Friday.

Many false alarms were given, each one causing a rush of hundreds of persons in pursuit of some imaginary Mr. Raffles. Such a jam of persons climbed upon the sub-treasury steps to witness the proceedings that the officials took precautions to stop a possible rush toward the money vaults and locked the gates.

ADVISED TO HOLD.

"Don't Sell a Single Bale of Cotton For Twenty Days."

Shreveport, Oct. 7.—"Don't sell a single bale of cotton for twenty days," was the bulletin to farmers which has been sent out to every parish in the state at the order of President Potts of the Louisiana Cotton association and the receipt of which advice has caused considerable comment among cotton men here.

Seven frame houses were destroyed and two stores and a house damaged by a fire of supposed incendiary origin. The total loss is between \$30,000 and \$50,000.

TRIPLE TRAGEDY.

Bodies of Two Men, Brothers, and That of a Woman Found.

Middletown, N. Y., Oct. 7.—A triple murder was revealed here Saturday, when the bodies of Willis and Fred Olney were found in the woods half a mile from their home, in which Friday night was found the murdered body of Alice Ingerick. Both brothers had been shot. Mrs. Georgia Ingerick, mother of the girl Alice, was found unconscious in a barn. She has a fractured skull.
